

Guide for certifications exams

C++ Certified Associate Programmer (CPA)

from C++ Institute

Welcome

Dear students in our course C++ Certified Associate Programmer (CPA),

- Each student from this course has right to sit for **C++ Certified Associate Programmer (CPA)** international exam, if he complete the training by:
 1. Attend the training at least 70% of the total training hours
 2. Pass the post class assessment with more than 70% score
 3. Complete the project assignment
- All participants, that complete these steps will receive an exam voucher
- We will provide you a certification voucher
- You will register for an online exam
- You will sit for exam at chosen date and hour

Project assignment

This course includes project assignment as part of the training:

- Each student must complete a project assignment, individually or as part of a team.
- This project assignment will be part of his/her portfolio and will vary from course to course.
- At end of the course, student will present to trainer his/her project work as a prerequisite to receive exam voucher.

Exam logistics

At the end of training course, you will have internal exam. The exam will be in platform of **C++ Institute** and if you pass it will give you not only exam voucher, but also right for free retake of the exam.

1. Visit <https://edube.org/registration>.
2. Register by email, that you communicate with GITA
3. You will receive a verification email from OpenEDG Learning & Testing Platform

Exam logistics
