Online from my home or office 

We need to verify that the computer and internet connection you plan to use on exam day meet the [minimum requirements](#) for online testing. It'll just take 5 minutes to run and you can do so after you've completed scheduling.

NOTE: We strongly recommend using a personal computer (not issued from your employer) and a wired, ethernet connection. The two most frequent causes of technical issues with online proctored exams are testing on (1) a work computer and (2) an unreliable internet connection. Firewalls or security settings from work computers may restrict the software from operating properly. Unreliable internet connections (wireless network, VPN, mobile hotspot) may lead to being disconnected.

Then you must read and agree to the online testing policies

Agree to online exam policies

To take this exam in an online environment, please agree to the following terms and conditions.

By accessing this website and ticking the boxes hereunder you understand and agree to the terms set forth in this Candidate Agreement ("Agreement"). This Agreement is entered into by and between you as a test taker, Pearson VUE, a business of NCS Pearson, Inc., and your testing program owner ("Test Sponsor"). This Agreement represents your understanding and acceptance of Pearson VUE's [Privacy and Cookies Policy](#) ("Privacy Policy"), [Terms and Conditions](#), and use of cookies to support your testing experience. You also understand, acknowledge and agree that the testing program sponsor has its own, possibly different, privacy policy.

By providing your personal information, as described in our [Privacy and Cookies Policy](#), you acknowledge and agree to the video and audio recording of your entire testing session and you agree to the processing of such personal information and test data by Pearson VUE and to the transfer of such data to Pearson VUE's hub server, located in the USA, as the data processor, its authorized third parties, if any, both in the capacity as data processors for the processing of your personal information and test data on behalf of the testing program sponsor, as the data controller, located in the USA or elsewhere. Pearson VUE and other data processing entities, if any, are the recipients of your personal information and test data and are or may be located outside of the United Kingdom, the European Union, and the European Economic Area; however, Pearson VUE will enter into reasonable data transfer agreements with such entities for the purpose of communicating and following the instructions of your testing program sponsor and for establishing reasonable security measures to protect the confidentiality and integrity of your personal information and test data.

If you choose to take the test through our online-proctoring platform, which is not mandatory in the event that there are other ways of taking the test as determined by the testing program sponsor, you and your computer will be monitored during your entire testing session in real time so that your face, voice, desk, and workspace will be captured and possibly recorded for the purposes of test quality, test security, and the integrity of the testing process. You understand, acknowledge and agree that you will be monitored at your location through audio, technology and video means so all activity at your location will be detectable by test proctors. By accessing this website and ticking this box you signify your acknowledgement and agreement that any inappropriate or wrongful conduct, as determined in Pearson VUE's or the test proctor's sole discretion, witnessed while monitoring your testing session will be reported by Pearson VUE to the testing program sponsor and may also be reported to the appropriate governmental authorities, including, but not limited to, any law enforcement officials.

By accessing this website and ticking this box you signify that you understand, acknowledge and agree that if any third party is: **1) detected as being present in your physical location, whether visible or not; or 2) overheard in any manner, whether physically detected through movement and making of noise or through sounds irrespective of whether they are in your current location or not during your testing session, the test will be terminated and you will not receive any score.** Further, you understand, acknowledge and agree that if your testing session is terminated for this or any other reason **you will not receive a test fee refund, credit or voucher.**

Helpful hints:

- To avoid any issues on exam day, we recommend checking in to your exam 30 minutes before the scheduled start time. This allows optimal preparedness but does not guarantee an early admittance or start time.
- Some exams support delivery nearly 24 hours a day. Note whether you have chosen an early morning (01:00 or 01:00 AM) or midday (13:00 or 01:00 PM) appointment.

****EXAM SECURITY VIOLATIONS****

Any misconduct listed below will lead to your exam being terminated, loss of your exam fee and could result into a permanent enforcement ban against your Cisco Certification profile.

- Do not leave the view of the webcam once the exam has started or walk away from the testing area. (In other words, you are not allowed to leave for restroom breaks, to answer the door, or walk away for any other reason.)
- Do not talk out loud during your exam or cover your face in anyway.
- Do not take any photos of your monitor BEFORE, DURING or AFTER your exam; this includes your score report. This is a violation of Cisco's NDA.
- Do not use your phone during your exam, unless instructed by the proctor.
- Do not allow any other person in the room while testing.
- Pen and paper is not allowed during online testing. You may use the digital whiteboard for notes.

Please note that you are required to have a clean and clutter free workstation. During check in, the Proctor will ask you to perform a room and desk scan using your webcam and will inspect any materials near your workstation.

Please note this exam is proctored in English only. There is not an option for local language proctoring at this time.

Before the exam:

- Visit the [Cisco Online Proctoring](#) page and review information on exam policies and procedures, system requirements, and the System Test.
- Complete the required System Test from the same computer and in the same location you'll be using on exam day. *Corporate firewalls often cause issues while trying to take your exam. Please consider taking your exam in a setting without a corporate firewall.*
- Review the identification requirements below

Please be prepared to show one (1) valid form of unexpired, Government-issued personal ID. The Government-issued ID must have your signature and must have your photo.

The name on the registration must match the names on the Government issued ID exactly. Please verify that your name listed on your confirmation email matches your identification. If your
