# About “Become a UX Designer from Scratch” course

- It is for 5 weeks, and you will receive 1 new lecture each week. More info: [here](#).
- About examination at end of the course – this summary is provided by Interaction Design:
- All of Interactive Design courses have mandatory lessons, that have either multiple-choice or open-ended questions.
- Multiple-choice questions are graded automatically, and we have some evaluators who grade and give feedback to the open-ended questions that members submit in less than 2 weeks.
- Most courses don't have a final assignment, and some questions are worth more points than others.
- Each member needs a score of at least 70% to generate the certificate for each course.
